

Summary

Currently a Computer Science student at Indiana University Southeast with a 4.0 GPA. Also learning modern technologies as an intern in the Information Technology Architecture group at ZirMed, where I am working with a team to create a server monitoring application. Have tutored students in Economics, as well as graded students' work for faculty in the Computer Science department. Am an active member of the Association for Computing Machinery and an active participant in the International Collegiate Programming Contest.

Work Experience

ZirMed

Louisville, KY

IT Intern (Architecture)

February 2016 - Present

- Involved in every aspect of the application lifecycle management for an internal server monitoring platform
- Worked on a team of interns using Agile methodologies to iteratively design and implement the application, under the supervision of a Managing Architect
- Implemented a unit testing suite upon the application using Moq
- Utilized a proprietary deployment system which could release software to multiple environments
- Collaborated with colleagues using Pivotal Tracker and Microsoft Team Foundation Server (TFS)

Indiana University Southeast

New Albany, IN

Faculty Assistant / Student Tutor

March 2015 – December 2015

- Assisted faculty member in the Computer Science department by grading quizzes, labs, and programming assignments
- Tutored students in the fundamentals of macro- and micro-economics

Campus / Community Involvement

Association for Computing Machinery

February 2015 - Present

- Represented IUS on a team of 3 in the ICPC and CCSW 2015 programming competitions

National Society of Leadership and Success

- Began lifetime membership following multiple semesters of high scholastic achievement at IUS

April 2015 – Present

Education
